E-cigarette and e-liquid producers

E-cigarette and e-liquid producers:

TPD compliance report service

Have you submitted hundreds of TPD notifications and want an easy way to find what products have been notified in which markets? Maybe you want to view specific information on your entire portfolio?

Order a TPD compliance report on your product range and find out where you stand, fast.

- **Easy to read:** Get an 'at a glance' view of notified information including market and brand name
- **Actionable insights:** Identify compliance issues and remediate
- **Fast turnaround:** Get a compliance report in 48 hours.

About the Service

Since 2016 manufacturers have been required to submit data to EU markets on their product range. For some manufacturers with hundreds or thousands of notifications submitted it is not only challenging but time consuming to check individual notifications for specific information such as notified markets, brand names, launch dates and formulations.

Our TPD compliance report can help you to get an overview of your entire portfolio in an easy to digest report.

Brexit

Depending on the UK/EU negotiations, from 1st January 2021 manufacturers may be required to submit new notifications via a UK portal and withdraw existing UK notifications submitted via the EU Common Entry Gate (EU-CEG).

Use our TPD compliance report to get an easy to digest overview of your current UK position for your entire portfolio.

Note: If you have a request for specific information not mentioned above please get in touch with your requirements.

Product ID	Brand Name	Austria	Belgium	Bulgaria
01234-17-02102	Your Brand StrawNectaPear 12 mg	15-Aug-17		31-Jan-20
01234-17-04103	Your Brand Lemon Pie 3mg		31-Dec-18	
01234-17-09103	Your Brand Berries 3mg		31-Dec-18	
01234-17-08106	Your Brand Signature 6mg			

What the TPD compliance report can display 'at a glance'

- Identify markets where no notification has been submitted
- Get launch dates by product/market
- Overview of other submitted information: formulation, manufacturer

What the TPD compliance report does not tell you:

- The notification status at the agency (approved or received).
- If your formulation or an ingredient is permitted for use
- If your submitted packaging is compliant

What we need from you

To make the report we require your exported XML files that were submitted via the EU portal (standalone or system-to-system). Simply copy the files into a new folder ensuring you do not change the existing files and zip it up. Get in touch for file transfer instructions.

What you'll get

You'll receive an easy to read PDF report with a market & brand view and other notification information including:

- Notified brand names
 - Notified markets (unnotified markets highlighted)
 - Launch dates
 - Brand names
 - Formulations
- and more...
